Our school strategies are showing substantial progress toward our targets

After reviewing our Great Results Guarantee agreement, it is clear that we have made progress toward our targeted student outcomes. We will continue to focus on maximising the benefits of this funding for our students, and adjust our strategies as needed to ensure every student succeeds.

Strategies implemented include:

- Monitoring students using a variety of tools. We collected data and analyzed data every 5 weeks.
- Used school based and systemic data to develop Individual Learning Guarantees that included individual learning goals and focused on areas of improvement with targeted goals.
- Employed and trained teacher aides to provide individual or small group of students with an intensive reading program – Support a Reader and an intensive spelling program.
- Writing practice every day with an On Demand task once a fortnight. Teaching writing daily to students.
- Instigate a numeracy block where teacher uses benchmark test to teach core skills.
